Subject: Facilities Support Feedback Submission - Cafeteria getting rid of the only thing I drink ***** This message has been archived. Double-Click the message to view the contents. ***** (b)(3) Subject: Cafeteria getting rid of the only thing I drink Feedback: Due to health reasons, I cannot drink anything with cafenine in it. I only drink Cafeine Free Diet Coke. I was just told today that the cafeteria and store is getting rid of the only place I can get CFDiet Coke. I now have to plan on bringing my own in from home another reason to not spend money in the cafeteria. I cannot locate the suggestion box. If they are going to take it out of the cafeteria, they should at least put it in the machines. First they raise prices and now they are reducing selection. If you look at the store's selection on any daythe Pepsi selections are fullbut the Diet Coke is always very low or out. They should be providing what people buy. It is a shame.
